

51 WEEKS WINEMAKING

2020 SYRAH

SEVEN HILLS VINEYARD
WALLA WALLA VALLEY, OREGON

Vines planted along a cliff's edge in the Walla Walla Valley lead to a wine with dark primary fruit and the characteristic varietal spice. The supple tannin structure and character of the site shines through in this destemmed and small-lot fermented Syrah.

TASTING NOTES AS OF APRIL, 2023

A classic, fruit driven and slightly reductive Syrah. On the nose, aromas of blackberry, cured meat, date, cocoa, plum and bacon jam. On the palate, flavors of cocoa powder, chocolate covered cherry, raspberry, and cured meat.
